DCS & Labeling Worldwide

Label gallery

Labeling solutions uniquely designed for SATO printers.

LABEL GALLERY is a unique label design & production suite of software based on an easy-to-use and intuitive user interface designed specifically for SATO Printers. LABEL GALLERY offers a family of professional labeling software products including a multi-lingual user interface and complete barcode printing solutions for desktop and enterprise users.

The Perfect Solutions for any labeling needs.

EASY VERSION - Simple Label Printing

- Entry-Level Software
- Wizard-based support
- Native database support and 32 bit ODBC interface
- Elementary and 2D barcodes

PLUS VERSION - Advanced Label Design & Production

- Full-featured software for professional label design and printing
- Complete database support
- System Integration - ActiveX programming interface
- SQL Links for direct access to MS SQL server, Oracle, AS/400 etc.

TRUE PRO VERSION - Advanced and Customizable Label Design & Production

- Full featured software solution for any kind of label design and production
- Create custom Data-Entry Forms for increased productivity
- Full connectivity options allow the user to easily integrate label printing into other software systems along with stand-alone printing capabilities.
- Database management
- Data detection - detects in-coming data to trigger start of label production
- Native SAP R/3 printing capabilities
- Manages downloading of graphics and TrueType® fonts for faster throughput

Features/Technical Specifications

Label Gallery Features	Free	Easy	Plus	True Pro
General				
• State of the art user interface with label design tools & wizards for straightforward label design	Yes	Yes	Yes	Yes
• Completely wizard driven design environment	Yes	Yes		
• Print Preview		Yes	Yes	Yes
• All standard graphics files and elements supported	Yes	Yes	Yes	Yes
• Multi-lingual user interface - *English, Italian, Spanish, Danish, German, Finnish, French, Russia, Hungarian, Slovene, Croatian, Slovak, Lithuanian, Simplified Chinese, Traditional Chinese, Thai, Hebrew*	English only	Yes	Yes	Yes
• Advanced label design elements (paragraph text, Rich Text formatting, graphical drawing and Label inspector tool)			Yes	Yes
• Printing on all SATO printers with Windows® drivers	Yes	Yes	Yes	Yes
• Program Launcher		Yes	Yes	Yes
• Import labels designed from other programs (Segsoft Dynamic, Label Wizard, Aviator)			Yes	Yes
• Password protection			Yes	Yes
• Customizable log file report of printed labels			Yes	Yes
Barcode and RF Support				
• Supports all industry standard barcode types	Yes	Yes	Yes	Yes
• Supports all the latest 2D symbologies	Yes	Yes	Yes	Yes
• Control all barcode parameters (incl. check digit calculation)		Yes	Yes	Yes
• Create custom check digit algorithms		Yes	Yes	Yes
• EAN/UCC-128 and SSCC Wizard		Yes	Yes	Yes
• Advanced support for standards like FACT, HIBC, Transfer Syntax & barcode compliance proofing			Yes	Yes
• RF tag writing			Yes	Yes
Data Handling and Processing				
• Prompted fields and serialization	Yes	Yes	Yes	Yes
• Date and time fields	Yes	Yes	Yes	Yes
• Linked fields		Yes	Yes	Yes
• Strings with prefix and suffix support	Yes	Yes	Yes	Yes
• String manipulation and arithmetical function			Yes	Yes
• VB script support with advanced data processing			Yes	Yes
Database Support				
• ASCII Text file support		Yes	Yes	Yes
• Native support for standard database and 32-bit ODBC support			Yes	Yes
• SQL Links for direct access to MS SQL server, Oracle, AS/400 etc			Yes	Yes
• Wide range of record selection possibilities		Yes	Yes	Yes
• Data Query builder and advanced SQL support			Yes	Yes
• Full-featured database manager				Yes
Integration and ERP Connectivity				
• Internal command language (job files, command line option, DDE)			Yes	Yes
• Active X (Automation) programming interface			Yes	Yes
• Data-detection module (network printing, non-windows system and other applications like ERP, WMS, inventory, etc.)				Yes
• Serial (COM) port connectivity (scales, barcode, scanners, etc.)				Yes
• Internet printing (POP3, TCP/IP)				Yes
• Label layout export to SAP R/3				Yes
